ABOUT ME

I'm a UX designer, design thinker and an avid learner who believes in building meaningful products and experiences considering human, technology & culture and the connection between them. I have pursued **Masters in Design** from **Indian Institute of Information Technology, Jabalpur** with specialization in Interaction Design. My interest lies in framing and solving problems, staging experiences and speculating future.

EXPERIENCE

Product Designer 2

Cogoport Pvt. ltd   *Gurgaon, India (Jan 2023 - Present)*

- Building a Global Trade Platform for Importers, Exporters, and Freight Forwarders
- Led the end-to-end user experience design and user interface design of cogoport admin app for internal stakeholders
- Created a Design System from scratch for enterprise products

UX Designer

Extramarks Education Pvt. ltd   *Noida, India (May 2022 - Jan2023)*

- Worked on the enhancement of learning and teaching experiences of Extramarks online and offline classroom platforms
- Work closely with developers to facilitate the implementation of UX designs and ensure UX compliance & consistency. Turn requirements into user flows, wireframes, and visual mockups to explore new user interface designs
- Understanding user needs through feedback channels, Maintain UX maturity through reviews and testing
- Analyzed and improved the login & signup flow for learning and teaching app

UI/UX Designer

LIBSYS ltd   *Gurgaon, India (August 2020 - May 2022)*

Classroom Management System:

- Was part of the core team that designed a Classroom Management System for mobile and web, which included experiences such as live Teaching/Learning, Assignments, Automated attendance, and Scheduler

Education CRM:

- Designed an education CRM from scratch for Institutes/Colleges
- Brainstormed ideas based on user research considering various user scenarios
- Followed a data-driven design process to deliver high-fidelity interfaces and interactions incorporating usability test findings

Freelanced Designer

Full time   *Noida, India (2016 - Jan2017)*

- A multi disciplinary designer, where I focused on solving problems and creating meaningful solutions for businesses
